Pick the Right Can Liner

for the Right Application

Choosing the right can liner for the receptacle can save you money and reduce plastic consumption. Identify the type and weight of the content, the transport conditions and size of the receptacle. Once that information is identified, the correct type and size of liner can be chosen.

- Sticks, rough yard trimmings or glass
- Metal with sharp edges

Recycle Composition/Repro Can Liners

Reprocessed resin can liners are made from reused plastic yet are strong, durable and economical. They offer high value combined with strong performance.
